SWEATLODGE FACILITATED BY ANANDA MAI

The indigenous sweat lodge ceremony is one of great stillness and purification. The lodge represents the great Mother and when we sit in stillness inside her in complete darkness except for the glow of the red hot stones, time stops. There is nothing besides the moment and in this atmosphere we pray and sing to our souls content, realigning our bodies, mind and soul with the purity of our life purpose. Emerging from the sweat lodge after a ceremony always feels like being reborn.

Ananda Mai has founded Pachamama Wasi in the 90s with her husband and their traveling experience and love for culture can be seen throughout Pachamama Wasi in its Incan architecture, Indian statues and fountains, water flowing through beautifully crafted channels and Meditation halls. Born in the USA and living in Peru for 32 years she has been blessed to spend time in India throughout her life. She is a devotee of Sathya Sai Baba from whom she learned about Divinity as the true goal in life, Oneness of all beings and Love that unites us all.

Ananda Mai loves creating healthy delicious meals and she welcomes you to enjoy a unique experience at the home of Mother Earth. All meals are vegetarian, organic and local, prepared with so much love. Many vegetables and herbs come from Ananda Mai's own organically grown garden.

**Pachamama Wasi
Sacred Valley Peru**

TAKE A MAGICAL JOURNEY TO MYSTICAL MACCHU PICHU

Machu Picchu stands 2,430 m above sea-level, in the middle of a tropical mountain forest, in an extraordinarily mesmerizing setting. Embedded within a dramatic landscape at the meeting point between the Peruvian Andes and the Amazon Basin. The Historic Sanctuary of Machu Picchu is among the greatest artistic, architectural and land use achievements anywhere and the most significant tangible legacy of the Inca civilization. It was probably the most amazing urban creation of the Inca Empire at its height; its giant walls, terraces and ramps seem as if they have been cut naturally in the continuous rock escarpments. The natural setting, on the eastern slopes of the Andes, encompasses the upper Amazon basin with its rich diversity of flora and fauna.

Trip to the ancient town of Pisac and shopping at local markets and shaman shops.
